

**REMARKS/ARGUMENTS**

Applicants gratefully acknowledge receipt of the Notice of Allowance dated July 30, 2008, allowing claims 1-3 and 6-12.

This paper presents an amendment to the Abstract and to the Summary section of the specification to conform to the claims allowed in the application. According to MPEP §714.16, the examiner "has authority to enter amendments submitted after Notice of Allowance of an application which embody merely the correction of formal matters in the specification or drawing, or formal matters in a claim without changing the scope thereof, or the cancellation of claims from the application, without forwarding to the supervisory patent examiner for approval." Because the amendment presented in this paper includes only correction of formal matters in the specification, the examiner is authorized under MPEP §714.16 to make the amendment presented herein.

No new matter is added by this amendment, and no amendments to the claims are presented.

Applicants respectfully request that these amendments be entered in accordance with 37 C.F.R. §1.312 under the Examiner's authority as specified in MPEP §714.16.

The Commissioner is hereby authorized to charge any deficiency in fees or to credit any overpayment in fees to Assignee's Deposit Account No. 50-0510.

Respectfully Submitted,

Date: October 29, 2008
